DEFA at the Crossroads of East German and International ... Motion picture production, distribution, exhibition and reception has always been a transnational phenomenon, yet East Germany, situated at the edge of the post-war Iron Curtain, separated by a boundary that became materialized in the Berlin Wall in 1961, resembles nothing if not an island, a protected space where film production developed. DEFA at the Crossroads of East German and International ... Get this from a library! DEFA at the Crossroads of East German and International Film Culture : a Companion.. [Marc Silberman; Henning Wrage] -- Although East Germany may have seemed like an island during the Cold War, films produced by DEFA were never just a monologue but in constant dialogue, if not competition, with both the capitalist.
